

SAFETY DATA SHEET

Revision Date: 03-May-2021

1. Identification of the substance/mixture and of the company/undertaking

Product identifier

Product name Glo Germ Gel
Lotion Base

Relevant identified uses of the substance or mixture and uses advised against

Recommended Use Training aid used to determine hand washing effectiveness, specifically to avoid transmission/spread of microbes. For external use only. See product label for specific use and instruction.
No information available

Restrictions on Use

Details of the supplier of the safety data sheet

Supplier Glo Germ Company
1101 South Murphy Lane
Moab, UT 84532
800-842-6622 or 435-259-5931

E-mail Address info@glogerm.com

Emergency telephone number

Emergency telephone number 1 435-259-5931 ex-USA
1-800-842-6622 USA

2. Hazards identification

Classification of the substance or mixture

GHS Classification in accordance with 29 CFR 1910.1200

OSHA Regulatory Status

This chemical is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.122)

Label elements

This product is not classified.

Other Hazards Hazards not otherwise classified (HNOC)

Not Applicable

Other information

Not Applicable

Unknown Acute Toxicity < 1% of the mixture consists of ingredient(s) of unknown toxicity

3. Composition/Information on Ingredients

Substance

Mixture

This material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200). Glo Germ White Powder and White Lotion (Contains: Purified Water, Glyceryl Mono Stearate, Ceteareth-20, Cetearyl Alcohol, White Petrolatum, Glycerin, Organic Soy Bean Oil, Isopropyl Myristate, Mineral Oil, Carbomer 934, Disodium EDTA, Triethanolamine, Methylisothiazolinone, Phenoxyethanol, and Propylene glycol.

The exact percentage (concentration) of composition has been withheld as a trade secret.

4. First aid measures

Description of first-aid measures

General advice No information available.

Eye contact Flush eyes with water immediately and continue to flush until discomfort is eased. Contact a physician if irritation persists.

Skin contact Immediate medical attention is not required. Wash off with soap and water.

Inhalation Immediate medical attention is not required. Move to fresh air.

Ingestion If accidental ingestion occurs, dilute with fluids (milk or water) and treat symptomatically.

Most important symptoms and effects, both acute and delayed

Symptoms See Section 2, Label Elements and/or Section 11, Toxicological effects.

Indication of any immediate medical attention and special treatment needed

Notes to physician Treat symptomatically.

5. Fire-Fighting Measures

Extinguishing media

Suitable extinguishing media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Alcohol foam, Carbon dioxide, Dry Chemical, Water

Unsuitable Extinguishing Media None.

Special hazards arising from the substance or mixture

Special Hazard

None known based on information supplied.

Hazardous Combustion Products Carbon oxides. Nitrogen oxides (NOx). Oxides of sulfur.

Explosion Data

Sensitivity to Mechanical Impact None.

Sensitivity to Static Discharge None

Advice for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6. Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

None

Environmental precautions

None

Methods and materials for containment and cleaning up

Methods for Containment	None
Methods for cleaning up	Spilled material may be scooped up or wiped up by using an absorbent towel. Sweep and shovel into container for disposal, after cleaning flush away traces with water. Spilled material and empty containers must be disposed of in accordance with local, state, and federal regulations.

7. Handling and storage

Precautions for safe handling

Advice on safe handling for external use only. Use only as directed. No special precautions necessary.

Hygiene measures Handle in accordance with good industrial hygiene and safety practice.

Conditions for safe storage, including any incompatibilities

Storage Conditions Keep in a dry and cool place. Do not allow to Freeze. Store at temperatures below 120°F

Materials to Avoid No materials to be especially mentioned.

8. Exposure controls/personal protection

Exposure Guidelines

Appropriate engineering controls

Engineering Measures Showers
Eyewash stations
Ventilation systems.

Individual protection measures, such as personal protective equipment

Eye/Face Protection Not required for normal use.

Skin and body protection Not required for normal use.

Respiratory protection Not required for normal use.

Hygiene measures

See section 7 for more information

9. Physical and chemical properties**Information on basic physical and chemical properties**

Physical state	Lotion/Liquid	Color	Opaque White
Appearance	Cream	Odor Threshold	No information available
Odor	non Fragrant		

<u>Property</u>	<u>Values</u>	<u>Remarks • Methods</u>
pH	6.5 - 7.5	No information available
Melting/freezing point	No data available	No information available
Boiling point/boiling range		No information available
Flash Point		No information available
Evaporation rate		No information available
Flammability (solid, gas)		No information available
Flammability Limits in Air		
upper flammability limit		No information available
lower flammability limit		No information available
Vapor pressure		No information available
Vapor density		No information available
Specific Gravity	1.05	
Water solubility		
Solubility in other solvents		No information available
Partition coefficient		No information available
Autoignition temperature		No information available
Decomposition temperature		No information available
Viscosity, kinematic		No information available
Viscosity, dynamic		No information available
Explosive properties	None	
Oxidizing Properties		No information available
Other information		
Volatile organic compounds (VOC) content	None	

10. Stability and Reactivity**Reactivity**

No dangerous reaction known under conditions of normal use

Chemical stability

Stable

Possibility of hazardous reactions

None under normal processing.

Conditions to Avoid

None known

Incompatible Materials

None known based on information supplied.

Hazardous Decomposition Products

None known based on information supplied.

11. Toxicological information

Acute toxicity

Numerical measures of toxicity: Product Information

Unknown Acute Toxicity < 1% of the mixture consists of ingredient(s) of unknown toxicity

Numerical measures of toxicity: Component Information

Information on toxicological effects

Skin corrosion/irritation

Product Information

- May cause irritation

Component Information

- No information available

Serious eye damage/eye irritation

Product Information

- May cause irritation

Component Information

- No information available

Respiratory or skin sensitization

Product Information

- No information available

Component Information

- No information available

Germ cell mutagenicity

Product Information

- No information available

Component Information

- No information available

Carcinogenicity

Product Information

• This product contains <0.1% free formaldehyde and may be capable of outgassing formaldehyde at levels in excess of OSHA's Action Level under some conditions of use. Formaldehyde is a known cancer hazard. Long term exposure may result in dermatitis or respiratory sensitization for sensitive individuals.

Component Information

- No information available

Reproductive toxicity

Product Information

- No information available

Component Information

- No information available

STOT - single exposure

No information available

STOT - repeated exposure

- No known effect

Other adverse effectsProduct Information

- No information available

Component Information

- No information available

Aspiration hazardProduct Information

- No information available

Component Information

- No information available

12. Ecological information

Toxicity**Ecotoxicity**

No information available

< 1 % of the mixture consists of component(s) of unknown hazards to the aquatic environment

Ecotoxicity effects**Persistence and degradability**

No information available.

Bioaccumulative potential

No information available.

Mobility in soil

No information available.

Other adverse effects

No information available

13. Disposal Considerations

Waste treatment methods

Dispose of in accordance with federal, state, and local regulations.

14. Transport Information

DOT

Not regulated

MEX

Not regulated

IMDG

Not regulated

IATA

Not regulated

15. Regulatory information

International Inventories

STEL (Short Term Exposure Limit)

TLV® (Threshold Limit Value)

TWA (time-weighted average)

Prepared By Glo Germ Company

Revision Date 03-May-2021

Revision Note

*Glo Germ Powder is manufactured in a plant that uses Formaldehyde. In 10 years of random sample testing at independent labs, Formaldehyde has not been detected in Glo Germ particles. The original manufacturing method included using Formaldehyde for "curing" and the nature of the process ensures that any remaining Formaldehyde is offgassed.

Disclaimer

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
