Material Safety Data Sheet

Product: 7X Cleaning Solution
Synonym: 7X
Catalog Number: 76670

Composition Information

Chemical Formula/Composition: Mixture. Primary ingredients include:
Diethylene Glycol Monobutyl Ether (5.0% conc.): CAS # 112-34-5
Dioctyl Sodium Sulfosuccinate (0.31% conc.): CAS # 577-11-7
Physical Description: Hazy liquid

Hazard Identifications

TLV of the Substance: Not Available
WHMIS #: NC

Route(s) of Entry-

Inhalation: Yes
Skin: Yes
Ingestion: Yes

Health Hazards:

The toxicological properties of this compound have not been thoroughly investigated. Possibly toxic via oral, inhalation or absorption.

Signs and Symptoms of Exposure:

Unknown. May include moderate to severe erythema (redness) and moderate edema (raised skin), nausea, vomiting, headache.

First Aid Measures

Substance in Contact with skin:

Remove contaminated clothing and rinse with copious amounts of soap and water for a considerable amount of time., Not hazardous.

Substance has been swallowed:

Drink 1 or 2 glasses of water within 15 minutes., Always call a physician or take patient to hospital.

Substance in Contact with eyes:

Rinse liberally with water for a considerable amount of time., Always call a physician or take to a hospital.

Substance has been inhaled:

<http://www1.icnbiomed.com/qaqc/msds.nsf/3d64c89535d85606882566d0006cda11/d56c1545...> 3/11/02

Take patient into the fresh air and allow to rest., Always call a physician or take patient to hospital.

Additional Instructions:

Observe proper laboratory procedures when handling material.

Fire-Fighting Measures

Flammability:

No Unusual Hazard
Not Available
Not Available

Flash Point:

Not Available

Minimum Ignition

Temperature:

Not Available

Risk of Explosion:

Not Available

Extinguishing Media:

Carbon Dioxide, dry chemical, or foam

Accidental Release Measures

Spill or Release of Material:

Absorb the liquid in an absorbent or other drying agent then shovel into a suitable container for disposal

Handling and Storage

Storage: Room Temperature

Handling:

Always wear gloves, mask, goggles or other protective clothing and use a hood. Follow proper laboratory procedures.

Exposure Controls and Personal Protection

Personal Protection-

Respiratory: No

Eyes: Yes

Protective Gloves: No

Is a local exhaust system required when the substance is used for its normal purpose: Yes

Physical and Chemical Properties

Melting Point:

Not Available

Boiling Point:

Not Available

Specific Gravity: ~ 1.0 g/ml

Vapor Pressure: Not Available

Solubility in Water: Soluble

CAS #: Not Available

RTECS #: Not Available

▼ **Stability and Reactivity**

Any Dangerous Reactions:
No Unusual Hazard

Decomposition of the substance when heated or burned:
Acrid smoke and irritating fumes

▼ **Toxicological Information**

None

▼ **Disposal Considerations**

Incinerate or landfill as complies with state and local laws.

▼ **Transport Information**

UN #: None

▼ **Regulatory Information**

TSCA Unlisted
(Toxic Substance Control Act):
SARA 302: No
SARA 313: No

Refer to 40 CFR Part 355 for Section 302 and 40 CFR Part 372 for Section 313 of Title III.

National Fire Rating System-

Health: 0
Flammability: 0
Reactivity: 0
Special Notice: S/N

Hazard Ratings: 4: Severe; 3: Serious; 2: Moderate; 1: Slight; 0: Minimal; - : Unknown

Date of Preparation: 07/05/2001

The information provided with this MSDS is furnished in good faith and without warranty of any kind. Personnel handling this material must consider these data only as supplemental to other information gathered by them and must make independent determinations of this suitability and completeness of information from all sources to assure proper use and disposal of the materials and the safety and health of employees and customers. ICN assumes no additional liability or responsibility resulting from the use of, or reliance on this information.
