2. Hazard(s) identification

## Classification

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

Serious Eye Damage/Eye Irritation

Category 2

Label Elements

Signal Word Warning

Hazard Statements Causes serious eye irritation

# Precautionary Statements Prevention Wash face, hands and any exposed skin thoroughly after handling Wear eye/face protection Eyes IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing If eye irritation persists: Get medical advice/attention

Hazards not otherwise classified (HNOC)

None identified

## 3. Composition/Information on Ingredients

| Component  | CAS No    | Weight % |
|--|-----------|----------|
| Spiro[isobenzofuran-1(3H),9'-[9H]xanthen]-3-one, | 2321-07-5 | >95      |
| 3',6'-dihydroxy-                                 |           |          |

|                               | 4. First-aid measures   |
|-------------------------------|---|
| General Advice                | If symptoms persist, call a physician.  |
| Eye Contact                   | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Get medical attention. |
| Skin Contact                  | Get medical attention. Wash off immediately with plenty of water for at least 15 minutes.                       |
| Inhalation                    | Remove to fresh air. Get medical attention. If not breathing, give artificial respiration.                      |
| Ingestion                     | Clean mouth with water and drink afterwards plenty of water. Get medical attention if symptoms occur.           |
| Most important symptoms and   | None reasonably foreseeable.  |
| effects<br>Notes to Physician | Treat symptomatically   |

5. Fire-fighting measures

| Suitable Extinguishing Media                 | Water spray, carbon dioxide (CO2), dry chemical, alcohol-resistant foam. |
|--|--|
| Unsuitable Extinguishing Media               | No information available   |
| Flash Point<br>Method -                      | No information available<br>No information available                     |
| Autoignition Temperature<br>Explosion Limits | No information available   |
| Upper  | No data available  |
| Lower  | No data available  |
| Sensitivity to Mechanical Impac              | t No information available   |

## Sensitivity to Static Discharge No information available

## **Specific Hazards Arising from the Chemical**

Keep product and empty container away from heat and sources of ignition.

## Hazardous Combustion Products

Carbon monoxide (CO). Carbon dioxide (CO<sub>2</sub>).

Protective Equipment and Precautions for Firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

| NFPA<br>Health<br>2   | Flammability<br>1  | <b>Instability</b><br>0 | Physical hazards<br>N/A |
|---|--|-------------------------|-------------------------|
|   | 6. Accidental re   | ease measures           |                         |
| Personal Precautions  | Use personal protective equipment as required. Ensure adequate ventilation. Avoid dust formation.  |                         |                         |
| Environmental Precautions   | Should not be released into the environment. See Section 12 for additional Ecological Information. |                         |                         |
| Methods for Containment and Clean Sweep up and shovel into suitable containers for disposal. Keep in suitable, closed Up containers for disposal. |  |                         |                         |
|   | 7 Handling   | and storage             |                         |

|                               | 7. Handling and storage   |  |  |
|-------------------------------|---|--|--|
| Handling                      | Wear personal protective equipment/face protection. Ensure adequate ventilation. Do not get in eyes, on skin, or on clothing. Avoid ingestion and inhalation. Avoid dust formation.   |  |  |
| Storage.                      | Keep containers tightly closed in a dry, cool and well-ventilated place. Incompatible Materials. Strong oxidizing agents.   |  |  |
| 8.                            | Exposure controls / personal protection   |  |  |
| Exposure Guidelines           | This product does not contain any hazardous materials with occupational exposure limitsestablished by the region specific regulatory bodies.  |  |  |
| Engineering Measures          | Ensure adequate ventilation, especially in confined areas. Ensure that eyewash stations and safety showers are close to the workstation location.   |  |  |
| Personal Protective Equipment |   |  |  |
| Eye/face Protection           | Tight sealing safety goggles.   |  |  |
| Skin and body protection      | Wear appropriate protective gloves and clothing to prevent skin exposure.   |  |  |
| Respiratory Protection        | Follow the OSHA respirator regulations found in 29 CFR 1910.134 or European Standard EN 149. Use a NIOSH/MSHA or European Standard EN 149 approved respirator if exposure limits are exceeded or if irritation or other symptoms are experienced. |  |  |
| Hygiene Measures              | Handle in accordance with good industrial hygiene and safety practice.  |  |  |
|                               | 9. Physical and chemical properties   |  |  |
| Physical State                | Powder Solid  |  |  |
| Appearance                    | Red brown   |  |  |
| Odor                          | No information available  |  |  |

| Other Adverse Effects                              | The toxicological properties have not been fully investigated. |
|  |  |

12. Ecological information

| Ecotoxicity<br>Do not empty into drains. |   |
|--|---|
| Persistence and Degradability            | Insoluble in water  |
| <b>Bioaccumulation/ Accumulation</b>     | No information available.   |
| Mobility                                 | Is not likely mobile in the environment due its low water solubility. |
|  |   |

Disposal considerations Waste Disposal Methods Chemical waste generators must determine whether a discarded chemical is classified as a hazardous waste. Chemical waste generators must also consult local, regional, and national hazardous waste regulations to ensure complete and accurate classification.
